

FOUNDED 1900

Keighley Association of Engineers (2019 syllabus)

A visit to Keighley Laboratories Ltd

Date: Tuesday 10th September 2019
Start time: 1.30 p.m.
Location: See details below

Dear members,

In 2016 Carl Barker gave us an excellent talk on Keighley Laboratories Ltd. We have been trying since then to follow this up with a visit to the company.

So we are pleased to announce our September 2019 event, a visit to **Keighley Laboratories Ltd.**

**Keighley
Laboratories Ltd**
Metallurgical Analysis, Testing & Heat Treatment

The Company delivers technical excellence in the areas of sub-contract production heat treatment and metallurgical laboratory services. They have extensive facilities and people who understand and care about metallurgy and over the years have created a comprehensive facility accomplished at supporting customers.

Website: <https://www.keighleylabs.co.uk/>

This is a visit limited to a maximum of 12 only attending so you need to book your place ASAP with John Pankhurst, john@kaoe.org.uk , answer phone 01535 667218, text/phone 07582 822922

Address:

Croft House, South St, Keighley BD21 1EG

Phone:

01535 664211

Please note this visit will require you to wear sensible foot ware and be prepared for lots of up and down activity.

We anticipate more wanting to go than 12 and hope to put a second visit on later in 2020 should that be the case.
